THE JOINT

It can't happen here! It can't happen here! These were the words we have been hearing for a long time concerning a joint school program. The invisible county line had been a barrier almost as hard to penetrate as the "iron curtain" or so it would seem from the debating of ideas for years.

It can happen here!

Shortly after the 1950-51 school term started, representatives from several of the surrounding school districts met at the Marion High School. At this meeting Mr. Harry Brownfield, Fayette County Superintendent of Schools, and Mr. James Hughes, Westmoreland County Superintendent of Schools, informed the group as to the procedure in forming joint school districts. Four of the local districts continued meeting in the interest of a joint school program. These districts were Fayette City, Belle Vernon, North Belle Vernon, and Washington Township.

At the Fayette City meeting it was agreed that Mr. Fee would be the supervising Principal, and Mr. Van Bremen, the assistant to the supervising principal. At this same meeting it was decided to have preliminary articles of agreement drawn up.

It did happen here!

SCHOOL BOARD

J. KASUDA

On the evening of April 5, 1951 the members of the four school districts met in Vernon High School. This was the meeting that everyone was waiting for. As the individual articles of the agreement were passed, a secretary typed the final pages of the contract. By 1:30 a. m. April 6, 1951 the twenty members of the Joint School Board had signed their names. The Bellmarette Joint School District was born. At this early morning meeting the following officers were elected:

President - Donald Duvall, Vice President - Blanden Bulger,
Treasurer - John Cameron.

At a later meeting the office of secretary was divided into two officers - recording secretary, and financial secretary, and J. E. Kuhn as recording secretary.

At this point, one would have thought all the work was finished, actually this is where it started. The budget, election of personnel, inspection of building and grounds, textbooks and supplies, transportation and athletics; all of these were carefully studied by various committees and their suggestions submitted to the Joint Committee or Joint Board for action.

Now while watching the system develop, the long hard hours of work can be recalled as a worthy task. To the members of the Bellmarette Joint School Board - an orchid for a job well done.

SENIOR CLASS HISTORY

We, the seniors of Bellmar, have enjoyed three wonderful years of high school education, some of us spending our first two years at Marion High, others spent the two years at Vernon High. We are now united into one successful senior class of Bellmar High. We're leaving our high school days behind, going out in the world and either working or furthering our education. Always we will try to be successful citizens.

The years went quickly. Only a few years ago we were sophomores, and as usual, made many mistakes. The sponsors of our sophomore class were Mr. Krivda, Mr. Snow, Mr. Tedesco, Mrs. Cramer, and Miss Rasdorf. We raised a little money by holding bake sales and collecting dues. We left the bigger money making projects to the juniors and seniors. Our activities consisted of a few assembly plays and dances.

The next year, our junior year, seemed to go faster than any of our other school time. Our junior class sponsors were Mrs. Shook, Miss Kish, Mrs. Cramer, Mr. Tedesco, and Mr. Figler. This year we had to raise money and lots of it. We worked at the concession stand during basketball and football seasons, sold jelly beans and Christmas cards, sponsored bake sales and dances and also presented a junior class play entitled, "Our Miss Brooks".

In our senior year, we had a succession of successful activities under the supervision of Mrs. Russell, Mrs. Cramer, Miss Gorio, and Mr. Tedesco. A few of our many activities were selling cards, magazine subscriptions, candy and tickets to various entertainments. The traditional senior class play was presented, "Cheaper by the Dozen". We were able to earn enough money for a trip to Washington D. C. where everyone enjoyed themselves.

We must say that we could not have attained these great heights if it had not been for our wonderful parents, teachers, and principals, who encouraged us with untiring efforts.

SENIOR PLAY

"Right now is the happiest time in the world. That's the time in a family when you're all together. Before anything has happened to any one of us.

So began this delightful play with two of the young people remembering happy times with Dad and Mother. Dad, an efficiency expert, believed that what works in the factory should work in the home. Consequently, despite his daughters' interest in boys and dates, Dad tried to organize his large family by means of charts, fines, and language records. Because, with a bad heart, he was living on borrowed time, his main interest was to leave the lightest load possible on Mother. Although he had no appreciation for silk hose, dates, dogs, motorcycles, and cheerleaders, Dad managed to arrive at complete understanding with his numerous progeny before saying his final good-bye and leaving to give a lecture in Europe, never to return.

The cast for the play, which was directed by Miss Frost, was as follows:

Dad . . . . . FRED FUNDY
Mother . . . . . BETTY DE FAZIO
Anne . . . . . DONNA NACCARATO
Ernestine . . . . . JOAN NOGY
Frank . . . . . SAM FEE

The Thespian Club is an educational organization of teachers and students, established in the spring of 1929 at Fairmont State College, Fairmont, West Virginia for the advancement of dramatic arts in the secondary schools by a group of teachers.

The two-fold aims are to establish and advance standards of excellence in all phases of dramatic arts and to create an active and intelligent interest in dramatic arts among boys and girls in the high schools.

It is sponsored by the teachers and students who make up its membership.

Qualifications for membership are; (1) A student must have a major role of one full-length or two major roles in one-act plays. (2) Minor roles in three or four one-act plays. Membership fees are $1.50 which is paid to the National Office.

The Thespian Club had a play on Thursday, January 17, 1952 entitled "Men are Like Street Cars," to give experience in Dramatic Arts and to buy furniture for the stage.

The purpose of the club is to promote good sportsmanship.

The main goal for the boys this year was to raise funds in order to award sweaters to the Senior members. A Christmas dance and various other social affairs were held to finance this project. Mr. Manzini, Mr. Flora and Mr. Tedesco are the sponsors of this group.

The football squad, under the excellent guidance of Mr. Manzini and his asistants, turned in a very fine record of which we all are proud.

The boys were called together in August by their new coach. After two weeks of conditioning drills, they left for Maple Grove Park, their camp site.

In the mean time the student body decided on "Black and Gold" for school colors and the name selected for the team was the "Hurricane."

The team made a good start by upsetting a highly respected Derry Township eleven. The good fortune continued as the Hurricane rolled over team after team. After a tie with the very powerful California team, the team was upset by an inspired North Union outfit. Although their unbeated string was broken and the injuries were beginning to tell the tale of the long season, the boys won another game before dropping the final to a fine Ramsay team.

Although the "Hurricane" got off to a slow start during the exhibition contests, it whipped into action in time for league play.

Behind the high scoring of Harry Popp and Lee Cope and fine team play of Dick Fields, Henry Studnicki and Bill Flenniken, the team enjoyed a nine game winning streak at the time the "Link" went to press.

Congratulations to Mr. Flora and the boys for the splendid record this year. We do not want to be overconfident but we do predict at least a sectional championship through the efforts of the first Bellmar High School squad.

Together with the veterans from the past Marion teams and the new candidates, Mr. Manzini is developing a fine squad.

Although we cannot foretell the outcome, we are confident that the "Hurricane" will have a successful season.
